

**Sundance
Film Festival
2024**

Sundance Collective

In summer 2020, we expanded our Alumni Program to include artists, advisors, mentors, Festival jury members, and select industry professionals with ties to the Sundance Film Festival, Sundance Collab, and various Festival artist programs. Now known as Sundance Institute Collective, the group exists to offer increased networking opportunities, artist resources, and beyond.

Through the Collective, we offer a continuum of support to artists throughout all stages of their careers, providing comprehensive resources and experiences that range from applying for grants and industry access to professional development and peer-to-peer mentorship.
