EMBARGO TIMING

Reviews for world premiere films are embargoed until the end of the first public-ticketed premiere screening of the film, unless otherwise noted.

Some films making their world premiere have a Press and Industry (P&I) screening in advance of the film's first public screening, so please be certain to check before posting. This embargo timing includes social media reviews.

For specific timing, please reference this [Embargo Timing document](#). This document can also be found at [Sundance.org/Press](https://www.sundance.org/Press) or log into your Festival Account and it will be listed under How To Fest > Press > Press Resources.

If working with an assignment editor who will be posting your reviews, please make sure to provide them with the embargo schedule.

IN-PERSON SCREENINGS & EVENTS

Your credential is needed for access. Please ensure you have it on you, as it will need to be scanned for entry.

PUBLIC SCREENINGS

For Express Hybrid Press Credential holders, no ticket selection is required for attending in-person public screenings. Please arrive at the theater at least 30 minutes prior to the screening start time to gain priority entrance via the pass holder line. You must be seated 15 minutes prior to the published screening start time to secure your seat.

PRESS & INDUSTRY (P&I) SCREENINGS

No ticket selection is required for attending in-person P&I screenings. Your press credential is scanned for entrance.

Be aware that seating is first-come first-served and not guaranteed; please be advised to arrive *at least* 20 minutes prior to screening time (we recommend earlier for highly popular films). For each P&I screening, theater staff will admit the line of accredited Press & Industry members until the theater is full.

When you are logged into your account at festival.sundance.org, P&I screenings will appear on the film detail pages. The [2026 Screening Schedule for Industry and Press](#) combines in-person public screenings and P&I screenings in a list sortable by date and time. (Beginning January 6th, the Screening Schedule for Industry & Press will also be available on the Festival website when you are logged into your Festival account under How To Fest > Press > Press Resources.)

- All films in competition (U.S. & World Cinema Dramatic and Documentary Competitions, NEXT) will have at least one P&I screening.
 - Films from other programs (Premieres, Midnight, Spotlight, Special Screenings, and Family Matinee) will be included in the P&I screening schedule when possible.
 - Short Film Programs and some Episodic titles do not have in-person P&I screenings.
- P&I screenings do not include programmer introductions, filmmaker Q&As, or audience award voting.

BEYOND FILM

The Power of Story is a ticketed event and your Express Hybrid Press Credential allows you priority seating like it does for any public screening. Beyond Film events will take place in

person from January 23–31, 2026, with most of the Beyond Film offerings available to audiences online the day following the in-person event on festival.sundance.org throughout the Festival.

Access to in-person Cinema Café talks and The Big Conversation is free, these are not ticketed events. Have your credential ready to be scanned when you arrive and remember, seating is limited and will be given on a first-come, first-served basis.

Also, check out talks planned by our partners taking place in official Festival venues at the Filmmaker Lodge and The Box at the Ray. Beginning in early January, the schedule for those events can be found here: <https://festival.sundance.org/program/beyond-films/>

FESTIVAL VENUES & TRANSPORTATION

For detailed information about each Festival venue and where they are located, please refer to the [Festival Map & Shuttle page of the website](#).

- High Valley Transit offers a bus route between Salt Lake City and Park City. You may find more details about this available bus route and schedule [here](#).
- **FESTIVAL TIP:** Take advantage of Press & Industry screenings! These are specifically set up for members of the press and are not open to the public, so you can expect faster access to theaters there. All P&I screenings take place at the Holiday Village Cinemas, so you can maximize your viewing schedule by attending those screenings.

ONLINE VIEWING LOGISTICS

Your Express Hybrid Press Credential grants access to the professional P&I screening platform “My Viewing Room”, which is separate from the online experience for public viewers and general online press pass holders. To take advantage of these exclusive benefits you must be logged in with your Festival credentials and have confirmed your active Express Hybrid Press Credential.

- Your pass allows for one view per feature film or Episodic piece
- You can only be logged into your account on one device at a time
